

1G Active Optical Cable in Nepal

AI Overview

1G Active Optical Cables are available in Nepal through specialized fiber optic suppliers and online stores, suitable for high-speed networking applications. Overview 1G Active Optical Cables (AOCs) are high-speed fiber optic cables designed to transmit 1 Gigabit per second (1G) data over longer distances than traditional copper cables. They are commonly used in data centers, enterprise networks, and telecom infrastructure. AOCs integrate optical transceivers with fiber cabling, providing low latency, high bandwidth, and immunity to electromagnetic interference. Where to Buy in Nepal Online Retailers Daraz Nepal offers a wide variety of fiber optic cables, including options suitable for 1G networking, with convenient online ordering and delivery across Nepal (Daraz.com.np). ITShop Nepal lists optical fiber cables and accessories at competitive prices, which may include 1G AOCs or compatible fiber solutions (itshopnepal.com). Local Suppliers and Distributors Technovate International Pvt. Ltd. supplies end-to-end fiber optic products and solutions to ISPs and telecom operators in Nepal. They import directly from manufacturers, ensuring quality and after-sales support (technovate.com.np). Cable Tech Nepal provides a range of fiber optic cables and related equipment, with physical stores in Kathmandu for direct purchase and consultation (cabletech.com.np). Other Cabling Companies: A list of top cabling and fiber optics companies in Nepal can be found on NepalYP, offering networking solutions, installation services, and fiber optic products (nepalyp.com). Tips for Purchasing Check compatibility: Ensure the AOC supports 1G speeds and the required connector type (e.g., SFP, LC, or MPO). Distance requirements: AOCs are ideal for medium to long distances; verify the maximum supported length for your application. Warranty and support: Prefer suppliers offering after-sales support and warranty, especially for imported products. By contacting these suppliers or browsi...
