

Cable trays in a factory in South Africa

AI Overview

Cable trays in South Africa are manufactured by several local companies, including Saar Industries, Super Cable Tray Pvt. Ltd., Brilltech Engineers, and AcrowStrut, with production facilities in major industrial hubs like Germiston. Key Manufacturers and Locations

Saar Industries is a leading industrial cable tray manufacturer in South Africa, producing ladder-type, perforated, wire mesh, and raceway cable trays. Their products are designed for commercial buildings, power plants, IT facilities, and renewable energy projects, and they adhere to ISO 9001:2015 quality standards.

Super Cable Tray Pvt. Ltd. supplies high-quality galvanized and stainless-steel cable trays, including ladder, perforated, and wire mesh types. They cater to factories, hospitals, airports, and shopping centers across South Africa, providing corrosion-resistant and climate-suitable solutions.

Brilltech Engineers manufactures durable cable trays in various sizes and materials such as galvanized steel, stainless steel, and fiberglass. Their trays are used in industrial, commercial, and data center applications, emphasizing airflow, safety, and easy maintenance.

AcrowStrut operates a world-class manufacturing facility in Wadeville, Germiston, producing a full range of cable management and reticulation products. They serve mining, industrial, and commercial sectors, offering solutions tailored to local electrical and infrastructure needs.

Types of Cable Trays Produced

Wire Mesh (Basket) Trays: Common in server rooms and data centers for routing cables above or below raised floors.

Perforated Cable Trays: Provide ventilation for heat-generating cables, widely used in factories and large buildings.

Ladder-Type Trays: Offer strong support for heavy-duty power and control cables.

Return Flange Trays: Suitable for exposed installations in showrooms or commercial spaces.

These manufacturers ensure that cable trays are corrosion-resistant, durable, and compliant with international standards, making them suitable for diverse industrial, commercial, and infrastruc...
