

Ethiopia Galvanized Cable Tray Price List

AI Overview

Galvanized cable trays in Ethiopia typically range from \$0.80 per meter for perforated trays at volume, with local distributors offering faster delivery for urgent needs.

Price Overview

Galvanized perforated trays: Approximately \$0.80 per meter for large-scale industrial orders exceeding 10,000 meters, making them cost-effective for major projects.

Stainless steel trays: 2–3 times higher than galvanized trays, recommended for high-humidity or chemical environments.

Coupler plates and hardware: Prices vary by size; for example, 25/50 mm height trays cost around 16/- per piece, while 75/100 mm trays are about 30/- per piece, though these rates are indicative from Indian suppliers and may differ locally.

Procurement Considerations

Import duties: Electrical components, including cable trays, incur 15% import duty plus 15% VAT, adding roughly 30–35% to FOB prices.

Lead times: Chinese manufacturers typically require 45–60 days (15–20 days production, 30 days shipping via Djibouti port). Local Addis Ababa distributors maintain limited stock, enabling 7–10 day delivery for common galvanized ladder trays.

Material selection: Hot-dip galvanized steel is standard for most Ethiopian industrial zones due to its cost-performance balance. Stainless steel or FRP trays are used in specialized environments like chemical plants or coastal areas.

Suppliers in Ethiopia

NAHMA Precision Metal Products: Offers ladder-type and perforated trays with custom solutions in Addis Ababa.

Accio platform: Lists verified suppliers with competitive pricing and customizable options for industrial and construction projects.

Micro Sheet Crafts: Provides modular and customized cable trays with on-time delivery and quality assurance.

Standards and Compliance

Ethiopian installations follow ESA SES 501:2015 (structural safety) and ET-NFC 2015 (fire codes). Steel trays require minimum 1.5 mm thickness and grounding continuity testing per IEC 61537. For accurate quotations, it is recommended to contact local distributors directly, specifying tray type, dimensions, and quantity to...
