

Georgia 6-core smart building fiber optic cable system manufacturer

AI Overview

For 6-core fiber optic cable systems in Georgia, top providers include Cable Depot, National Fiber Contractors, ATEK Communications, Systel, and Georgia Network Cabling, offering design, installation, and certification services for smart building applications. Key Providers in Georgia:

1. Cable Depot, Inc. Located in Norcross, GA, Cable Depot specializes in custom fiber optic cable assemblies, harnesses, and OEM cable manufacturing. They provide multimode and single-mode fiber, ST/SC connectors, and custom 6-core fiber solutions for smart building and industrial applications. Their services include design, prototyping, and full-scale manufacturing, ensuring high-quality, tested, and certified fiber optic systems for commercial and industrial projects (Norcross, GA).
2. National Fiber Contractors / ATEK Communications Operating throughout Georgia, these companies offer design-build structured cabling, fiber optic installation, and smart home/building integration. They provide multimode fiber, CAT5e/CAT6, coax, and FTTH solutions, with certified RCDD designers and BICSI technicians ensuring compliance with ANSI/TIA standards. Their services include cable testing, certification, and long-term support, making them suitable for large-scale smart building deployments.
3. Georgia Network Cabling / Axis Network Cabling Based in Atlanta, GA, they specialize in structured cabling and fiber optic installation for commercial and multi-building campuses. They provide fiber optic termination, splicing, and full infrastructure design, with a focus on scalability and long-term reliability. Their certified technicians ensure compliance with ANSI/TIA/EIA standards and offer a five-year workmanship warranty, ideal for smart building projects requiring 6-core fiber systems.
4. Systel Serving Suwanee, Alpharetta, and the Southeast, Systel provides fiber optic network design, installatio...
