

High-quality fireproof cable tray manufacturer in Lithuania

AI Overview

Meka Pro and Brilltech Engineers are among the top manufacturers of fire-resistant and high-quality cable trays in Lithuania. Meka Pro specializes in fire-resistant cable support systems that are rigorously tested according to the EN 1363-1 standard, ensuring that electricity supply remains operational even during a fire. Their products are designed to withstand heavy loads without collapsing, prevent toxic flue gases, and maintain safe evacuation routes. Meka Pro offers over 1,200 fire-tested standard products, providing cost-effective and reliable solutions for industrial and commercial installations. Their systems comply with international standards and are installed by qualified professionals to guarantee safety and performance. Brilltech Engineers provides durable, high-quality cable trays in Lithuania, including perforated, ladder, and mesh types. They manufacture trays from galvanized steel, stainless steel, and fiberglass, ensuring long-term durability and fire resistance. Their cable trays are designed to protect cables from physical damage, dust, and environmental hazards while promoting airflow to prevent overheating. Brilltech also offers technical support, system design assistance, and installation guidance, making them a reliable partner for complex projects. Jeetmull Jaichandlall (P) Ltd. This manufacturer focuses on wire mesh cable trays with high-quality finishing and adherence to industry standards. They provide a wide range of sizes, shapes, and colors, and their modern manufacturing facility ensures consistent quality. Their products are suitable for various sectors and are designed to withstand heavy loads and resist wear and tear over time. Key Considerations When selecting a fireproof cable tray manufacturer in Lithuania, consider: Material quality: Galvanized steel, stainless steel, or fiberglass for fire resistance. Compliance: Adherence to EN standa...
