

Laos Export Integrated Distribution Boxes and Cabinets 220V CIF Price

AI Overview

Laos exports electrical distribution boxes and cabinets (HS code 8537) with relatively low trade volumes, and CIF prices typically range from \$150 to \$400 per unit depending on specifications and quantity.

Export Overview Laos exports boards, panels, consoles, desks, cabinets, and other bases equipped with electrical control apparatus (HS code 8537), including integrated distribution boxes for 220V systems. In 2021, the total export value of this commodity group from Laos was approximately \$31,000, representing a significant decline (83%) from 2020, indicating low export volumes. The main export destinations are limited, reflecting a niche market.

CIF Pricing Estimate While exact CIF prices for 220V integrated distribution boxes from Laos are not publicly listed, typical CIF pricing for similar low- to medium-voltage distribution cabinets ranges from \$150 to \$400 per unit, depending on:

- Voltage rating (220V vs higher voltages)
- Material and build quality (metal vs plastic enclosures)
- Included components (circuit breakers, busbars, PLC integration)
- Order quantity (bulk orders reduce per-unit cost)

Suppliers such as Gaobo China offer comparable products, including low-voltage cabinets and switchgear, which can serve as a reference for pricing and customization options.

Trade Considerations HS Code: 8537 – Boards, panels, consoles, desks, cabinets, and other bases equipped with electrical control or distribution apparatus. Export volume: Very limited from Laos, so sourcing may require contacting multiple suppliers or regional distributors.

Shipping: CIF pricing includes cost, insurance, and freight to the destination port, which can vary based on shipping distance and logistics.

Recommendations Contact local suppliers or trade portals in Laos for quotations, as CIF prices fluctuate with order size and shipping terms. Verify product specifications to ensure compliance with 220V st...
