

Manufacturer of pigtail cable accessories

AI Overview

Pigtail cable accessories are manufactured by specialized companies for fiber optic, electrical, and high-voltage applications, including Foss Fibre Optics, Norden Communication, in-Tec Bensheim, and various North American suppliers. Fiber Optic Pigtails Foss Fibre Optics produces pre-connected fiber cables with all common fiber connectors, offering both standard and custom lengths for applications in FTTH, enterprises, ships, offshore, and power utilities. Norden Communication is a global supplier of fiber pigtails, providing pre-constructed connectors in small form factors such as LC, SC, and other fiber optic types for permanent connections between patch panels and incoming cables. Mouser Electronics also distributes fiber pigtail assemblies with datasheets and inventory for various connector types. High-Voltage Pigtails in-Tec Bensheim specializes in high-voltage pigtail cables and sub-assemblies, assembling connectors and cables from brands like Huber & Suhner, Coroplast, and Leoni. Their pigtails support currents up to 750 A, voltages up to 1,000 V, and temperature ranges from -40°C to 180°C, with IP67/IP6k9k protection. Electrical and General Pigtails In North America, several manufacturers and distributors produce pigtails for electrical, automotive, and industrial applications. Examples include: SC Fastening Systems: Custom and standard nylon pigtails for power distribution, grounding, and substation applications. Coronet Parts Mfg. Co., Inc.: Prest-O-Lite pigtails for hardware, gas, and plumbing industries. Techspan Industries Inc.: Standard and custom cable assemblies including pigtails for heavy vehicles, networking, and fiber optic applications. Phidgets, Inc.: Female pigtails with 20 AWG cable for power supply connections. These manufacturers provide a range of materials, connector types, and lengths suitable for diverse industrial, commercial, and utility applications. Depending on your specific needs—fiber optic, high-voltage, or general electrical—these companies offer both off-the-shelf and custom solutions.
