

Mozambique power distribution box specifications factory direct sales

AI Overview

Power distribution boxes in Mozambique are available in waterproof, industrial, and compact designs, compliant with local standards, and can be purchased directly from manufacturers. Product Types and Specifications

- 1. Meter Boxes and Distribution Units**
Compact and ready-to-install units suitable for small spaces, often waterproof and designed for residential or light industrial use.
Materials: High-quality plastics or metal enclosures with robust insulation.
Features: Multiple outlet configurations, protection against short circuits and overloads, and compatibility with Mozambique electrical standards.
Mounting: Surface mount or rack mount options for flexibility in installation.
- 2. Industrial and High-Voltage Distribution Equipment**
Switchgear and transformer line-ups for industrial applications, including medium- and low-voltage circuit breakers, metering, control, and protection equipment.
Insulation: PVC, XLPE, or HFFR/LS0H for low-voltage cables.
Applications: Urban overhead distribution using Aerial Bundled Conductor (ABC) cables, substations, and industrial plants.
- 3. Power Distribution Units (PDUs) and Power Strips**
Designed for data centers, server rooms, and general-purpose applications.
Multiple outlet configurations with agency approvals and compliance with Mozambique standards.
Surface mount, rack mount, and portable versions available.
