

Price of Fireproof Cable Tray Partitions

AI Overview

Fireproof cable tray partitions range from \$0.60/meter for basic coated options to \$10/meter for high-performance fireproof types.

Price Overview

Entry-Level Options: Basic fireproof-coated cable tray partitions, such as the Orange Partition Fireproof Coating Cable Tray from Shandong Xuanlin Metal Materials Co., Ltd., start at \$0.60 per meter and are suitable for general industrial applications.

Mid-Range Options: Stainless steel or modular partitions with verified quality and low minimum order quantities, like those from Wuxi Bangyu Energy Technology Co., Ltd., offer durability and corrosion resistance, typically priced higher than entry-level options but still cost-effective for small to medium projects.

High-Performance Fireproof Options: Specialized fireproof partitioned cable trays, designed for premium fire protection, such as those from Foshan Wangupai Electronic Commerce Co., Ltd., start at \$10 per meter and are ideal for critical installations requiring maximum fire resistance.

Material and Type Considerations

- Steel (galvanized or powder-coated):** Strong, durable, suitable for heavy-duty applications.
- Aluminum:** Lightweight, corrosion-resistant, ideal for installations where weight is a concern.
- Fiberglass:** Non-conductive, suitable for environments requiring electrical insulation.

Intumescent Inserts or Pillows: Expand in fire to seal gaps around cable trays, providing up to 4 hours of fire protection and maintaining compartmentalization.

Additional Features

- Partitions:** Separate power and data cables to prevent interference and comply with NEC Article 392.
- Customization:** Sizes, colors, and modular configurations are available to fit specific project requirements.
- Compliance:** Look for UL, CE, or EN 61537 certifications to ensure fire safety and regulatory compliance.

Procurement Tips

- Evaluate minimum order quantities (MOQ):** some suppliers offer as low as 1 meter for testing or small projects.
- Consider total cost of ownership,** including installation, maintenance, and fire safety performance, not just unit price.
- For retrofit or existing installations,** EZ P...
