

Price of Green Fiber Optic Connector for Home Fiber Optic Box

AI Overview

A pack of 4 green SC APC fiber optic connectors is available for Rs. 499. For home fiber optic boxes, green SC APC connectors are commonly used for single-mode fiber connections. On Flipkart, a pack of four connectors (green and black) is priced at Rs. 499, with free shipping and cash on delivery options available, along with a 30-day replacement guarantee (Ovicart Green FttH SC APC Covered Wire Fiber Optic Connector). Other suppliers like Mouser Electronics and DigiKey offer a wide range of green fiber optic connectors, including LC, SC, and MPO types, with pricing varying based on connector type, mode (single-mode or multimode), and quantity. For smaller quantities or home installations, purchasing a pack of four connectors is typically sufficient. If you are looking for budget options, Reichelt lists fiber optic sockets and plugs starting from €3 per piece, though shipping and delivery times may vary. When selecting a connector, ensure it matches your fiber type (single-mode or multimode) and connector style (SC, LC, APC, etc.) to ensure compatibility with your home fiber optic box.
