

Price of Long-Span Galvanized Cable Tray

AI Overview

Long-span galvanized cable trays in Benin typically range from \$2 to \$25 per meter, depending on material, type, and order quantity. Pricing Overview The cost of galvanized cable trays in Benin depends on several factors including material, tray type, length, and supplier. Standard long-span trays are usually made from hot-dip galvanized steel, which balances durability and affordability, and are designed to withstand coastal humidity and inland heat conditions in Benin (Ned-Tech) . Prices per meter generally range from \$2 to \$25, with bulk orders often receiving discounts (Apex Tray) . Ladder-type trays, which support heavier cables, are at the higher end of this range, while perforated or wire mesh trays are more cost-effective .Supplier Options in BeninNed-Tech: Offers a wide range of galvanized steel cable trays, including ladder, perforated, and trunking systems, with delivery to major cities like Cotonou, Porto-Novo, and Parakou. They provide technical support for sizing and installation, and competitive pricing for bulk orders .International Manufacturers: Companies such as Emit Metal and Tianjin Wenjiang Technology supply galvanized cable trays to Benin through B2B marketplaces, allowing direct contact for quotes and bulk pricing .Cost FactorsMaterial: Galvanized steel is standard; stainless steel or aluminum increases cost.Tray Type: Ladder trays are more expensive than perforated or mesh trays.Length and Span: Standard trays are 2.4 meters; long-span trays may cost more due to structural reinforcement .Coating: Hot-dip galvanization (HDG) is more durable and slightly more expensive than pre-galvanized options .Logistics: Delivery to inland cities or remote sites may add to the total cost.RecommendationsFor large projects, request bulk pricing from suppliers like Ned-Tech to reduce per-meter costs.Confirm tray specifications (load capacity, span, and corrosion resistance) to ensure suitability for Benin's climate.Compare local suppliers and international manufacturers to balance cost, quality, and delivery time.
