

Price of Multimode Fiber Optic Connector

AI Overview

Multimode fiber optic connectors typically range from \$2 to \$20 per connector, depending on type, manufacturer, and whether they are pre-terminated assemblies or patch cables. Typical Price Ranges Standard connectors such as LC, SC, ST, or MPO for multimode fiber generally cost \$2 to \$10 each when purchased individually from distributors like Mouser, Farnell UK, or DigiKey. Pre-terminated assemblies or patch cables with multimode fiber (OM1, OM2, OM3, OM4) can cost \$10 to \$20 or more per connector, depending on length, fiber type, and factory termination. Bulk purchases often reduce per-unit costs by 20–40%, especially for large-scale network installations.

Factors Affecting Cost Connector Type: LC and SC connectors are common and generally less expensive, while MPO or MT-RJ connectors are more complex and cost more. Fiber Standard: OM3 and OM4 multimode fibers are optimized for high-speed data centers and may slightly increase connector costs compared to OM1 or OM2. Termination: Factory-terminated connectors or assemblies are more expensive than field-installable connectors due to labor and precision requirements. Material and Build Quality: High-quality ceramic ferrules and low-loss connectors cost more than basic plastic ferrule connectors. Quantity: Ordering in bulk from distributors or manufacturers reduces the per-unit price significantly.

Where to Buy Mouser Electronics: Offers a wide range of multimode fiber optic connectors with datasheets and pricing for individual or bulk orders. Farnell UK: Stocks connectors from top manufacturers like Molex, TE Connectivity, and Panduit, with fast quotes and same-day dispatch. DigiKey: Provides multimode connector assemblies, patch cables, and detailed specifications for OM1-OM4 fibers.

Summary For planning purposes, expect \$2–\$10 per standard multimode connector and \$10–\$20+ for pre-terminated assemblies or patch cables, with prices influenced by connector type, fiber standard, termination method, and purchase quantity. Shopping across multiple distributors c...
