

Price of Waterproof Household Electrical Distribution Box

AI Overview

Waterproof electrical distribution boxes for home use typically range from \$10 to \$150 depending on size, material, and included features.

Price Ranges and Options

Small ABS Junction Boxes (IP65): Compact boxes suitable for basic wiring or small circuits are priced around \$10–\$25. These are made of durable ABS plastic, flame-retardant, corrosion-resistant, and suitable for indoor or outdoor use.

Medium Distribution Boxes with Circuit Breaker Slots: Boxes designed to house multiple circuit breakers or small electrical panels typically cost \$30–\$70. They often feature transparent covers for easy inspection, reinforced seals, and IP65 waterproof ratings.

High-Capacity Power Distribution Boxes: Larger boxes with integrated sockets, meters, or high-current breakers can range from \$80–\$150. These may include IP44–IP65 waterproof sockets, pre-wired interiors, and ETL-certified components for enhanced safety.

Retailer Options: Home Depot and Amazon offer a variety of brands such as VEVOR, BELL, Leviton, and MOLLUM, with free shipping or in-store pickup options for convenience.

Key Features to Consider

IP Rating: IP65 is common for home-use boxes, providing protection against dust and water jets. Some boxes may have IP44-rated sockets inside for additional protection.

Material: High-quality ABS or PC+ABS alloy ensures durability, heat resistance, and corrosion resistance.

Installation: Most boxes are wall-mountable with pre-drilled holes and removable mounting plates for flexible wiring.

Applications: Suitable for indoor and outdoor use, including lighting, communication, solar connections, car charging posts, and general home electrical distribution.

Summary For typical home use, expect to pay \$10–\$25 for small junction boxes, \$30–\$70 for medium-sized breaker boxes, and \$80–\$150 for larger, feature-rich distribution boxes. Prices vary based on size, material, IP rating,...
