

Price of professional cable trays in South Africa

AI Overview

Cable tray prices in South Africa typically range from around ZAR 200 to ZAR 1,500 per meter, depending on material, type, and size. Price Overview Cable trays are available in various materials such as galvanized steel, stainless steel, and fiberglass, and in different types including perforated trays, wire mesh trays, and ladder trays. Prices generally depend on these factors:

- Material:** Galvanized steel is usually the most affordable, while stainless steel and fiberglass are more expensive due to durability and corrosion resistance.
- Type:** Wire mesh trays are often cheaper than ladder or solid-bottom trays, while perforated trays offer better airflow but may cost slightly more.
- Size and Length:** Wider or longer trays increase the price per unit. Standard lengths are typically 2–3 meters, with widths ranging from 50 mm to 600 mm.

Typical Price Ranges

- Wire mesh cable trays: ZAR 200–500 per meter
- Perforated steel trays: ZAR 400–900 per meter
- Ladder-type trays: ZAR 800–1,500 per meter

Suppliers in South Africa

- RS Components:** Offers a range of cable trays and baskets suitable for industrial and commercial use.
- Liteglo:** Provides wire mesh trays with fast delivery and competitive pricing.
- Online Electrical:** Supplies various cable trays and accessories, including perforated and ladder types.
- The Cable Manager:** Serves contractors and industrial clients across major cities like Johannesburg, Cape Town, and Durban, offering a wide selection and installation support.
- Local Manufacturers:** Companies like Brilltech Engineers provide custom sizes, premium materials, and expert guidance for large-scale projects.

Buying Tips

- Compare material and type based on your project's environmental conditions.
- Check if suppliers offer installation support or accessories like bends, couplers, and brackets.
- For bulk purchases, request quotes directly from manufacturers to get better pricing and delivery options.
