

Qatar Secondary Distribution Box Factory

AI Overview

Qatar hosts several leading manufacturers of secondary distribution boxes and switchgear, including Al Dana Switchgear and Al Bidda Switchgear, offering high-quality, custom-engineered electrical solutions. Key Manufacturers Al Dana Switchgear is a prominent Qatari manufacturer specializing in electrical power systems and switchgear solutions. The company provides turn-key solutions for a wide range of power applications, including custom-designed LV and MV distribution boxes. Their facilities feature modern design, manufacturing, and testing capabilities, ensuring high reliability and compliance with international standards. Al Dana also offers commissioning, training, and 24/7 support for installed equipment, making it a trusted partner for industrial and commercial projects in Qatar. Al Bidda Switchgear, established in 2013, operates a 15,000 square meter factory in the New Industrial Area, Doha. It is the largest first-class facility in Qatar for manufacturing electric switchgear, general sheet steel engineering, and electrostatic powder coating. Al Bidda collaborates with global technology partners like NATUS GmbH & Co. to deliver LV and MV switchgear systems. Their products serve sectors such as Oil & Gas, Qatar Rail, stadiums, ports, and commercial infrastructure, and they have been recognized with awards for excellence in the SME sector. Coloria Group also supplies high-performance distribution boxes across the GCC, including Qatar. While primarily a regional supplier, they provide durable enclosures designed for extreme Gulf climates, ensuring stable power flow and protection against overloads for residential, commercial, and healthcare projects. Product Offerings Qatari factories produce a wide range of secondary distribution equipment, including: LV and MV switchgear panels Distribution boxes and junction boxes Custom-designed panels for industrial and commercial applications Protection devices such as circuit breakers, fuses, and relays Control and metering systems These products are manufactured to internatio...
