

Singapore Cable Tray Factory Price

AI Overview

Cable tray prices in Singapore vary widely depending on material, type, and load capacity, typically ranging from SGD 20 to SGD 200 per meter for standard industrial trays.

Overview of Cable Tray Types and Materials

Cable trays in Singapore are available in multiple types and materials to suit industrial and commercial needs:

- Materials:** Stainless steel (SS304, SS316, SS316L), hot-dipped galvanized steel (HDG), aluminum, mild steel, epoxy-coated steel.
- Types:** Ladder trays, perforated trays, wire mesh trays, FRP trays, and trunking systems.
- Duty Ratings:** Light duty (13mm), medium duty (25mm), heavy duty (50–100mm+), depending on cable load and industrial requirements.

Price Factors

The cost of cable trays depends on several factors:

- Material:** Stainless steel and FRP trays are more expensive than mild steel or aluminum.
- Tray Width and Depth:** Larger trays for high cable volumes cost more.
- Load Capacity:** Heavy-duty trays designed for industrial machinery or data centers are priced higher.
- Customization:** Custom lengths, bends, and covers can increase costs.
- Standards Compliance:** Trays meeting IEC 61537, NEMA VE-1, or Singapore SS249 standards may carry a premium.
