

Suriname Spectrometer Brands

AI Overview

Suriname offers a range of spectrometer brands from local manufacturers like Laboid International and Aditya Systems (LADA) to international suppliers such as Galaxy Scientific, Spectro Scientific, and Kratos Analytical. Local Manufacturers and Suppliers Laboid International is a prominent Suriname-based manufacturer and exporter of spectrophotometers and spectrometers. They provide precision laboratory instruments for research, industrial applications, and clinical diagnostics, emphasizing reliability, user-friendly interfaces, and durable construction. Their product range includes spectrophotometers, laboratory centrifuges, microscopes, and other analytical instruments, all designed to meet stringent industry standards. Aditya Systems, operating under the brand LADA, is another trusted local supplier of spectrometers in Suriname. They focus on high-quality, customizable spectrometer solutions at competitive prices, offering reliable performance and round-the-clock customer support. Their instruments are manufactured using advanced technology and high-grade materials, ensuring long-term durability and precision. International Brands Serving Suriname Several international companies provide spectrometer solutions to Suriname, catering to specialized laboratory and industrial needs: Galaxy Scientific: Known for portable optical Near Infrared (NIR) spectrometers, ideal for chemical analysis and authentication. Spectro Scientific: Offers a broad range of fluid analysis instruments for field, lab, and handheld applications. Xenometrix Ltd.: Specializes in Energy-Dispersive X-Ray Fluorescence (EDXRF) spectrometers for cost-effective elemental analysis. Belec: Produces optical emission spectrometers for metal analysis, with a long-standing reputation in precision engineering. MIDAC Corporation: Develops Fourier Transform Infrared (FTIR) spectrometers for research and industrial applications. Kratos Analytical: Offers advanced photoelectron spectrometers and MALDI-ToF instruments for surface and biochemical analysis. Ch...
