

Two-core drop optical cable manufacturer supply

AI Overview

Two-core optical drop cables are widely manufactured in China, with suppliers offering both indoor and outdoor FTTH-ready cables meeting international standards. Key Manufacturing Regions and Suppliers China dominates the global supply of 2-core drop cables, with major manufacturing hubs in Guangdong (Shenzhen, Huizhou), Zhejiang (Hangzhou), Hunan (Changsha), Shandong (Qingdao), and Chongqing. Guangdong is particularly strong due to its electronics ecosystem and export infrastructure, while Hunan and Shandong offer cost-effective alternatives with growing technical expertise. Chongqing provides logistical advantages for inland distribution. Leading suppliers include Gcabling, CommMesh, and other verified manufacturers listed on platforms like Alibaba.

Cable Types and Construction Two-core fiber optic drop cables are designed for point-to-point communication, commonly used in FTTH networks. They come in two main constructions:

- Loose Tube Cables:** Fibers are housed in a gel or air-filled tube, allowing flexibility and protection against micro-bending. Suitable for outdoor installations, they are rugged and water-resistant, with diameters typically 6–8 mm.
- Tight-Buffered Cables:** Fibers are coated with a thin plastic buffer, making them easier to install in indoor or confined spaces. Diameters range from 2–3 mm.

Outdoor cables often feature UV-resistant polyethylene jackets, while indoor cables use PVC jackets for flexibility and easier handling.

Technical Specifications Typical specifications for high-quality 2-core drop cables include:

- Fiber Type:** Single-mode (G.657A/B3) for long-distance, multimode for shorter distances.
- Core Diameter:** 8–10 μm for single-mode, 50–62.5 μm for multimode.
- Cladding Diameter:** 125 μm .
- Operating Temperature:** -40°C to +85°C for outdoor cables.
- Tensile Strength:** Up to 800 N; crush resistance up to 2200 N/100 m...

Wholesale 2 Core Fiber Optic Drop Cable 2k+ | Alibaba

Discover 2 core fiber optic drop cables with G657A1/G652D fibers, ideal for FTTH indoor/outdoor use. CE certified, durable LSZH sheath, perfect for aerial & duct applications.

Gcabling 2 Core Fiber Drop Cable Optical Indoor

Gcabling is one of the best fiber optic cable manufacturers & suppliers in China. We can provide a wide range of optical fiber cables.

2 Core Fiber Optic Drop Cable: Best Prices & Features

Looking for reliable 2 core fiber optic drop cable? Find top-rated, customizable options with LSZH jacket, steel wire reinforcement, and indoor/outdoor use. Click to explore verified suppliers and secure the
