

Uruguay Electricity Meter and Distribution Box Manufacturer

AI Overview

Key manufacturers and suppliers in Uruguay include Dregal (partnered with Schneider Electric), I.C.T Expertise for smart meters, and local power distribution equipment suppliers like Machineequipments. Dregal and Schneider Electric Dregal has been a trusted partner of Schneider Electric in Uruguay for over 30 years, providing a wide range of electrical solutions including distribution boxes, switches, and energy management systems. Their collaboration ensures access to reliable, efficient, and sustainable electrical products suitable for residential, commercial, and industrial applications. I.C.T Expertise - Smart Electric Meters I.C.T Expertise has established a smart electric meter factory in Uruguay, offering advanced metering solutions. They provide tailored SMT and DIP line setups, hands-on training, and high-quality production of smart meters. This makes them a key player for modern, digital metering solutions in the country. Power Distribution Equipment

Suppliers Machineequipments is a recognized supplier and manufacturer of power distribution equipment in Uruguay. They offer a variety of distribution boxes, panels, and related electrical components, catering to bulk orders and commercial projects. Additional Electrical Material Suppliers Other companies, such as COMPEL, provide electrical materials and components, including distribution boxes, with nationwide delivery in Uruguay. They serve both the Montevideo metropolitan area and other regions, supporting a wide range of electrical installation needs. Summary For electricity meters and distribution boxes in Uruguay, the main options include: Dregal for Schneider Electric products and traditional distribution solutions. I.C.T Expertise for smart meter manufacturing and advanced metering technology. Machineequipments for bulk power distribution equipment and panels....
