

Where can I find network cabinets in North Asia

AI Overview

You can find network cabinets in North Asia primarily through manufacturers and suppliers in China and Taiwan, offering both standard and customizable server racks and enclosures.

Key Manufacturing Hubs in China:

- Zhejiang Province (Ningbo, Cixi):** Known for electronics manufacturing with over 20 years of experience, offering large-scale production facilities exceeding 10,000m², ideal for bulk orders and custom solutions.
- Guangdong (Shenzhen):** Technology hub with strong R&D capabilities, suitable for advanced network cabinets with IoT integration or thermal management.
- Hebei (Xianghe, Baoding):** Cost-competitive region specializing in standardized cabinets, with high-density industrial zones and facilities ranging from 5,000–26,000m².
- Sichuan & Shanghai:** Emerging regions offering mid-volume production with lower operational costs and growing technical expertise.

Notable Manufacturers and Suppliers:

- Gcabling Electronic:** Offers floor and wall-mount network cabinets, OEM/ODM services, and data center solutions.
- Ship Group:** Produces server racks and network cabinets with annual capacity up to 100,000 pieces, providing global distribution.
- LE (Ningbo Latitude International Trade Co., Ltd.):** Specializes in server racks, wall-mount cabinets, and outdoor enclosures with ISO-certified production.
- Topwelltech:** Provides network cabling solutions, rack cabinets, and accessories, with ISO quality management standards.
- Otscable:** Offers standard 19", 21", 23" racks and custom sizes with tool-less shelf installation for easy assembly.
- EXW (Taiwan):** Manufactures flat-pack network rack cabinets with welded steel frames, customizable designs, and certifications including UL, ETL, RoHS, and REACH.
- Sunpln:** Provides modular data center solutions, wall-mount racks, open frames, and cold aisle systems for flexible deployment.

Considerations for Sourcing: Customization...
